Dear Sir,

We have a system of post-training feedback from the participants. The participants are required to give their comments, opinions and suggestions on the training programme as a whole as well as on the Faculty Members who engaged the classes.

Like most of our other visiting Faculty Members, we are sure that you must also be interested in knowing about these feedbacks. Although these feedbacks are no reflection on your ability as a teacher, but it does reflect the participants perception of you.

We hope that these feedbacks given below will be informative and useful for you and will help you in your future deliberations.
